

Dear Parents/Guardians,

To ensure that your child receives the most appropriate medical treatment whilst at school, we require that you complete the documents relevant to your child's health.

To ensure that we have all correct medical information on your child's health please provide only medical diagnosis. Please do not self diagnose, as this can be very misleading.

**IMPORTANT NOTE:**

The health centre does not stock medications. It is important that you as the Parent/Guardian provide the school with any medications your child may require at school, eg: Ventolin for Asthma.

Thank you

Carol Pickford

School Nurse

CONTENTS

- ❖ School Asthma Action Plan Letter
- ❖ School Asthma Action Management Plan
- ❖ Medical Information Form
- ❖ Medication Authorisation Form
- ❖ Health Management Plan
- ❖ Allergy Form

**Students diagnosed with Anaphylaxis or severe allergies need to provide the school with a signed Management Plan. You can obtain the Management Plan Forms from the School Nurse in the health centre.**
