THE MUSIC TEACHERS

PAUL VARONE

GUITAR (YEAR 3-6)

Paul has been teaching guitar for over 25 years, privately and at various schools around Melbourne. Paul has been running guitar lessons at Mount View since 2003. Some of his programs and strategies include:

Modern guitar program (teaching current songs. Program availability for Year 3-.

Writes his own programs (EBooks to be used on iPad for students in Years 4-6)

GENE HOLLAND

PIANO/KEYBOARD

Gene is a pianist, composer, and educator with five years' experience teaching piano both in schools and privately. His lessons focus on technique and technical proficiency, music reading skills, aural skills, improvisation, and developing an ongoing love for and critical approach to music. He encourages and helps students to utilize music as a creative outlet for their own enjoyment.

Gene has been involved in many group music projects in education settings and was a finalist for the 2019 Melbourne Studio of Art Young Artist Award based on his work with schools and community festivals. He holds a Bachelor of Music with Honours from Monash University and is currently completing a Master of Teaching.

MATIJA PECEK

PIANO/KEYBOARD

A few words to introduce myself to everyone: My name is Matija, and I help primary-aged children maximise and achieve their educational and creative potential through my professional music expertise, confidence-building teaching style, and diligent progress tracking, all against the backdrop of a fun and encouraging environment.

Piano, Keyboard, and Guitar are my specialities, and all are on offer starting Term 1 2021. All skill levels are accepted.

I am delighted now to join the growing guild of music teachers helping to set in motion Mount View's exciting initiative that hopes to encourage youngsters at the school to pick up an instrument. While I am still very new to the school, I hope that in the coming weeks as we steadily commence teaching onsite, I get the opportunity to become acquainted with you personally. To enrol, please contact Alex on 0432 798 286.

JAKE PLANT

BASS

To enrol, please contact Alex on 0432 798 286.

STEPHANIE DAVIS

VIOLIN

Stephanie is a dedicated violin teacher who loves to sing, play, and most importantly loves to learn! She has provided violin tuition for the last 4 years to primary school-aged students. Her students are nurtured individually to assist musicianship and technical development. Her approach involves using sensory exercises, popular culture, literacy, and numeracy concepts to help students grow in their violin playing. She encourages young string players to build confidence and resourcefulness within their own learning styles.

"I have a passion for music education; in particular, its accessibility, delivery, and make it culturally relevant. I aim to instill curiosity and creativity to allow young minds to engage with the fundamentals of music and gain basic competence in aural, rhythm, and reading music." Steph loves Gypsy, Folk, and Celtic string music.

DAVID SEEDSMAN

DRUMS

'David Seedsman is a full time Musician and Educator based in Melbourne Australia. Graduating from Monash University with a Bachelors of Music, he has been performing and teaching around Melbourne for 10+ years, including performances at the Ronald McDonald Fundraiser Gala in Canberra, TedX talks, the National Gallery of Victoria, Parliament house and more.

His lessons aim to bring real world knowledge and inspiration to students, to teach them the skills needed to perform the music they enjoy, and if they practice enough - the opportunities available to them.'
